

# Pre-ISEE Program

08:30 – 09:15		Registration
09:15 – 10:00		Opening & Greeting messages
		Congratulatory messages
		Congratulatory messages
		Congratulatory messages
<b>&lt;Special session&gt; Electric batteries and Solar panels</b>		
10:00 – 10:15		환경부 강연 (예정)
10:15 – 10:40		Mr. Michael E. Wilson (CEO, Automotive Recyclers Association, US) <b>“ Circular economy principles key to processing end-of-life vehicles and recycled parts utilization”</b>
10:40 – 11:05		Dr. Jeong-soo Sohn (Principle Researcher, Korea Institute of Geoscience and Mineral Resources, Korea) <b>“ Physical and chemical recycling of valuable metals from spent lithium ion batteries in electric vehicle”</b>
11:05 – 11:30		Dr. Atsushi Terazono (Deputy Director, Center for Material Cycle and Waste Management Research, National Institute for Environmental Studies, Japan) <b>“ Solar panel and battery recycling in Japan”</b>
11:30 – 11:55		Dr. Craig Boljkovac (Senior Advisor and Lecturer, Tsinghua University, China) <b>“ End-of-Life Vehicles in Mainland China: innovative recycling on an unprecedented scale”</b>
11:55 – 13:30		Lunch
<b>&lt;WEEE Session 1&gt;</b>		
13:30 – 14:00		Mr. Peter Sabbe (CEO, RECUPEL, Belgium) <b>“ Situation on EPR on WEEE in Belgium”</b>
14:00 – 14:30		Dr. Yong-Chul Jang (Professor, Chungnam National University, Korea) <b>“ The recycling system and management of e-waste in Korea toward a material cycle society”</b>
14:30 – 15:00		Mr. Giovanni Scarcelli (Sales Director, Pellenc ST, France) <b>“ How the Chinese waste ban is reshaping the recycling market of e-waste and End-of-Life Vehicles?”</b>
15:00 – 15:30		Coffee Break and Poster Presentations
<b>&lt;WEEE Session 2&gt;</b>		
15:30 – 16:00		Dr. Timothy Townsend (Professor, University of Florida, US) <b>“ E-waste management in US”</b>
16:00 – 16:30		Dr. Atsushi Terazono (Deputy Director, Center for Material Cycle and Waste Management Research, National Institute for Environmental Studies, Japan) <b>“ E-waste management in Japan and Asia”</b>
16:30 – 17:00		Dr. Yi Cai (Director, EEE Resource and Environment Research Center, China Household Electric Appliance Research Institute, China) <b>“ E-waste recycling management and EPR system in China”</b>
17:00 – 17:45		Discussion
17:45 – 18:00		Closing
